3. With 1 cm distance, sew the strip together, lock the ends. Then turn over.
4. Then iron at a very low temperature.
5. Pull the elastic through the tunnel using the safety pins. Knot the ends together or sew them together with a zigzag stitch.
6. Fill the scrunchie with foam rubber.
7. Tuck one end of the scrunchy into the other end a little. It is best to fold the ends a little. Now sew the ends together at the edge. Make sure that the elastic is inside and is sewn together.
