N°36

A SHOEBAG TO FALL IN LOVE WITH

MATERIALS

A template to glue
on the bag

1 simple fabric bag
(e.g. Modulor)

1 brush

Several colours
of textile paint

1 textile pen

1 cardboard cutter

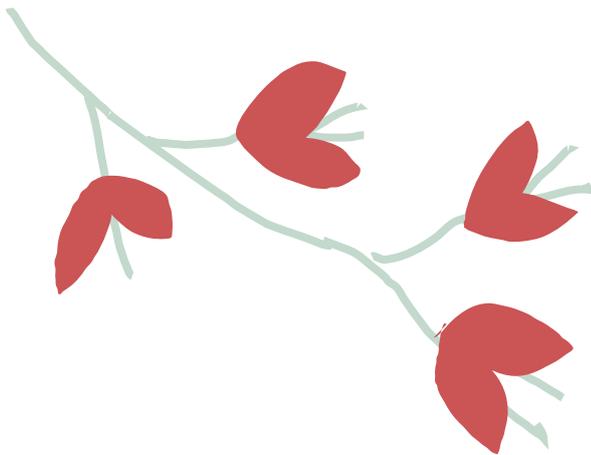

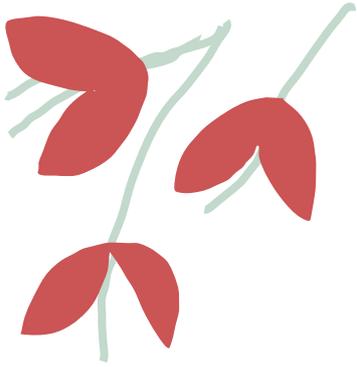

INSTRUCTION

1. First, spray your shoe box in a colour of your choice. Simone chose white – simple and timeless! Let everything dry for at least 20 minutes.
2. Cut out the two templates with a cardboard cutter and glue them onto the box. Paint them with paint.
3. Keep colouring with more acrylic paint. As soon as the pattern is done, cut out a piece of leather like Simone to use as an elegant handle.
4. Use the hole punch to punch a small hole into the leather and use a hammer to fixate in onto the shoe box. Add a stud to the leather handle – done!

THE SLIGHTLY DIFFERENT SHOEBOX

MATERIALS

1	shoe box
	Cardboard cutter
	Print of the template (from sister-mag.de)
1	hole punch
	Acrylic paint
	Studs
1	hammer
1	piece of leather
	White varnish spray

INSTRUCTION

1. Lay your bag down on a flat surface and cut the templates with a cardboard cutter.
2. Stick the templates to your bag with tape and start carefully painting everything with one colour so nothing smudges.
3. The circle you've previously cut out now connects all the templates and slowly, your pattern will come together! Press everything down firmly and you're done!
4. These shoe bags make a wonderful present and take up less space than classic boxes.
