SISTERMAG

N°8

### MATERIALS

- » 1 m of fabric
- » Zipper, 40 cm
- » Piping stripe, 2 m
- » Elastic band, ca. 1.1m long and 0.5 cm wide

### TUTORIALS

The pattern is made for a waist measurement of 71 cm. For a smaller waist measurement sew darts in both the front and rear side parts to obtain the desired measurements.

Add about 3 cm seam allowance at the shoulder seams and fix the correct length of the straps only during fitting.

1. Cut all pieces from pattern
2. String panties edges
3. Stick piping to the front and back parts and sew side front and back parts on. You find a good explanation of these so-called "Princess or Bodice Seams" for example at [Gertie's Blog for Better Sewing](http://www.blogforbettersewing.com/2010/09/sewing-princess-seams.html) (<http://www.blogforbettersewing.com/2010/09/sewing-princess-seams.html>)
4. Close the lower trouser seam with a felled seam
5. Close side seams
6. Sew in zipper
7. Set and sew shoulder seams
8. Turn over cut leg edges with diagonal strips and stitch about 1 cm wide, leave a small opening to pull through the elastic band.
9. Define elastic band length and pull through

CONT.

10. Turn over neckline and armhole edges with facing

- Front part
- Back pants part
- Side back part (2x)
- Side front part (2x)
- Neckline facing back
