INSTRUCTION

1. Open the walnut carefully. The best way to do this is with the tip of a knife, so it doesn't break. Empty the contents of the nut.
2. One of the two nut shells now serves as a ring template for the felt. Surround the shell and cut out the pattern with scissors. Cut a slit in the middle of the template, where the ring will later enter.
3. Use two rolled pieces of felt as padding for the nut. Glue the ring template onto it.
4. The walnut is closed and refined with a beautiful ribbon. Done!
