1. Start by cutting your fabric (linen) according to the size of your cardboard. Make sure to leave about 2 centimeters of excess fabric on either side that can be wrapped around the cardboard.
2. Glue the fabric onto the cardboard using spray adhesive.
3. Next, adhere the drawing paper to the back of your card.
4. Now, position the corner protections and punch a whole into the upper left corner of the cardboard.
5. Screw your menu and a strip of leather (folded in half as a handle) onto the cardboard. Done!
