STEP 1

Peel the pineapple, remove the stalk and cut out a 3x3 cm thick and about 6 cm long piece. Cut the rest of the pineapple into rough pieces. Heat the grill or the grill pan and grill the pineapple evenly.

STEP 2

Divide the cut-out piece into two even cubes and put them aside. Finely mix the rest of the pineapple with rum, sugar syrup, lime juice, soy cream, turmeric and pepper in a mixer and pass it through a fine sieve.

STEP 3

Shake the drink on ice and pour it into glasses filled with ice balls.

STEP 4

Serve them with spiked pineapple leaves, pineapple cubes and a dash of turmeric.
