SISTERMAG

N°28

WAIST MEASUREMENT
70 CM

MATERIALS

- » 1.3 m coated patent leather
- » 1 zipper 18 cm
- » 1 button

HOW-TO

1. Cut 2 skirt panels to 132 cm x 60 cm plus seam allowance; the skirt will be 50 cm long
2. Install the zipper on the left side while sewing the skirt panels together. On the right side, put in a seam pocket.
3. Draw the pleats in the upper edge starting at the zipper: 10 cm, 7 cm, 10 cm, 10 cm, 7 cm etc. The 10 cm are for the pleat underlap, the 7 cm are for the pleat that you see on the outside. All in all you must have 10 pleats.
4. Fold, pin and baste the pleats. During this process, you can also vary the waist size or stitch pleats.
5. Cut waistband. Waist size + 2 cm allowance for comfort + 3 m underlap + 2 cm seam allowance, 7 cm wide
6. Sew the waistband and sew it on
7. Decide on the length of the skirt and sew a very wide seam (9 cm)
8. Sew button hole and sew on button
