TUTORIAL

1. Take the metal box and put a piece of adhesive tape on one half of the glass to protect it.
2. Paint half the glass with the blackboard paint and let it dry for 24 hours.
3. Paint a second layer and let it dry for 24 hours. Now remove the adhesive tape.
4. Glue the magnet with a glue gun to the back of the box and let it dry. Use one or more magnets, depending on the size.
5. Use the white pen to write the names of the spices on the front of the box and fill it with the spices.
